

## Anti-Bullying Ambassadors

My name is Jack Carter.

I am in class 4L.

My definition of bullying is when someone is nasty to another person over and over again. They might hurt them by punching them, calling them names, making them feel left out or sending nasty text messages.

These are some of the things that happen at our school to prevent bullying:

- Anti-bullying assemblies;
- Plays from theatre groups;
- Lessons;
- Bother boxes.

As an Anti-Bullying Ambassador I will:

- Help to try and get children to understand that every person is the same inside even though we may all look different on the outside.
- I will make children understand that it is not nice to call children names for what they wear, the colour of their skin or what they look like.
