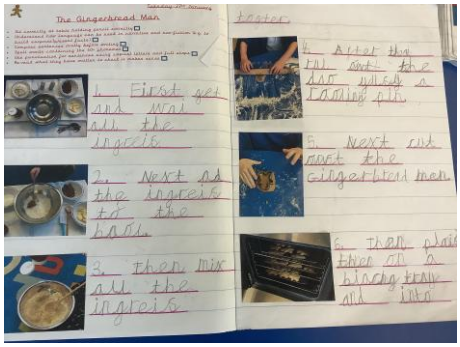
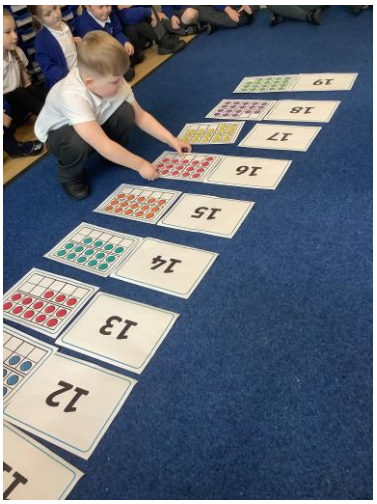
Key Stage One
Spring Term 2025
Year One

In Year One we have been learning the story of The Gingerbread Man. Before we wrote our new story we first made our own gingerbread men and they were very tasty!



After we made our gingerbread men we wrote instructions for how to make them in case any of our friends or family wanted to try making them too.



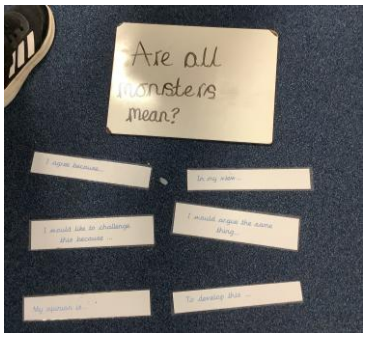
The Gingerbread Man even helped us in our maths lessons with our counting. We have been learning all about numbers to 20. We have been learning how to partition numbers into tens and ones using lots of different concrete manipulatives and how to write addition and subtraction number sentences using these numbers.

In Science we have been learning all about materials and in one of our lessons we made boats to find out what materials float and what materials sink.

In Geography we have been learning about different countries and we even got to taste some food from these countries.

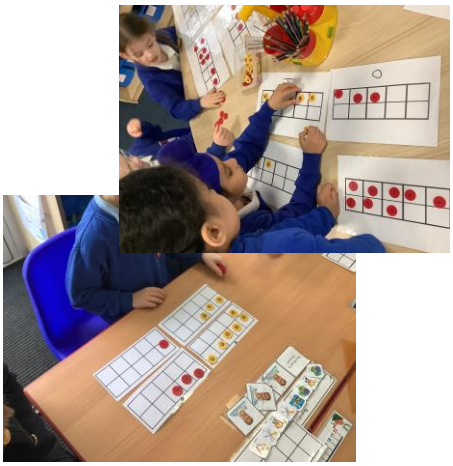
Year 2

In DT we designed and made our own potato salad. First, we planted and grew our own potatoes in our school allotment and then we researched different recipes for potato salad. We all had a go at peeling, chopping and dicing the ingredients and the results were delicious.



In Literacy we have been reading the story of Not Now Bernard and writing our own version with our own monster. We also completed a P4C investigation all about monsters.

In History we have been learning all about The Great Fire of London. We have learned about how the fire started and why it spread so quickly. We have also been learning about fire safety and how things have changed. As part of our topic we took a trip to the fire station and heard all about the job of a fire fighter, we saw all the equipment on the fire truck and we even got to squirt the hose.



In Maths we have been learning how to add 2 two digit numbers using column addition. We used our place value grids to help us to make the numbers before we did the calculation.

In Art we have been experimenting with charcoal to create different shades and textures in our artwork.
