Middle Floor Spring Term 2025

Year 3

We have continued to work hard in all areas of the curriculum in Year 3. In Literacy lessons, we have been reading ‘Leon and the Place Between’ and we have grown to love this magical book. We have been writing poems, reports and diary enties based on the book. We also researched the history of the circus and looked at photgraphs from the past to find out more.

In Maths lessons, we have used lots of practical equipment to help us understand new concepts. We are busy learning multiplication and division facts. We also like playing maths games which help us to think deeper and reason about numbers.

In DT, we have been learning about levers and we then used our skills to make a moving parts book.

As Geographers, we have been learning about our local city, Liverpool. We have looked at maps of our local city and found out about many of the famous landmarks. We are really looking forward to visiting Liverpool soon – we are travelling by train and exploring ‘The Museum of Liverpool.’ We planned our journey and looked at the train stations that we would pass through. We also prepared and made traditional Scouse stew. This involved lots of vegetable preparation. The result was warming and delicious. We also painted some beautiful watercolours to show the Liverpool landmarks. In Art, we have also developed our weaving skills.

We enjoyed dancing like pirates in PE. We are looking forward to performing our dance as part of the Year 3 & 4 concert. We have also had brass music lessons in Year 3 – did you hear us? We were very loud!

Year 4

Year 4 are also working incredibly hard. We had already heard about a beautiful book from other children so couldn't wait to read it for ourselves. 'The Miraculous Journey of Edward Tulane' is a truly great book full of strong characters and positive messages. We have also designed and sewn our very own 'Edward' felt rabbit in DT we sewed on a cute little tail and blue button eyes. I am sure we will treasure him for years to come and will always remember this story.

We continue to learn all our times tables and are gradually improving our scores and achieving our personal bests. We are also getting quicker as we only have 6 seconds to answer each question!

We are very proud of the soap sculptures we carved as part of our Roman topic. It was hard work and needed precision, but our Mersey Park Mindset kept us going.

Ask us about Europe? We are becoming experts. We have used maps and grid references to locate countries in Europe. We also got to taste a range of tasty food from Austria. This included roast beef, chicken schnitzel and fruit strudel. The mixed berries were sharp and super tasty!

We have been keeping fit and healthy in PE through gymnastics. We have learned to hold balances, travel safely on the beam and land correctly - with pointed toes!

We are looking forward to a trip to the theatre next half term and then to see what exciting adventures are still to come in Year 4.

We are also very proud of our Year 3 and 4 children who performed for Dame Patricia Routledge when she received the Honorary Freedom of the Borough. Dame Patricia Routledge was also in the Mersey Park School Choir when she was a little girl!
