

MPPS e-Safety & Cyberbullying Overview			
Year	Term	Learning Objective	Lesson details
FS	Autumn 2	Stranger Danger on the Internet	Children watch a BBC clip that shows a child playing on a computer and a message pops up with a picture of someone the child does not know. Lots of discussion of what has happened and what the child should do next. Then they learn a song they can sing which helps them to remember what to do if they get an 'uh-oh' feeling in their tummy when using the computer.
Year 1	Autumn 2	Keeping safe online - what details to give	Discuss keeping safe online with the class. Explain that personal information such as names must not be shared on line before asking an adult. Show the cartoon Episode 1 Hector's World. Children to discuss film and write down 3 important facts they will remember. Collate a list of important rules for using the Internet. Children to find and select an image that represents e-Safety and copy it into a document (2 publish). Then type the rule that goes with the picture.
Year 1	Summer 1	Keeping safe online - it's a serious game	Remind the children about keeping safe online. Discuss with them what they can remember from Autumn 2. Show Episode 3 of the cartoon. Discuss safety points from this clip. Children to make a poster for home to remind them about keeping safe. They should draw a picture of one of the characters and add a caption to support it.
Year 2	Autumn 1	Keeping safe online - private information	Discuss keeping safe on-line with the class. Map what the children already know about this subject and explain that personal information such as names, addresses & age must not be shared online before asking an adult. Show Hector's World episode 4. Children to role play being asked for information online and different ways to refuse.
Year 2	Autumn 2	Keeping safe online - being a hero	Recap on previous knowledge. Watch Hector's World episode 5. Children to use all their previous knowledge and today's cartoon to write a storyboard about keeping safe on the internet where a hero saves someone from making a mistake and giving away too many details.
Year 2	Summer 2	Keeping safe online - You're not alone	Recap everything learnt so far about eSafety. What messages have children remembered? Watch episode 6 of Hector's World. What is this clip telling us? Create a poster to remind yourself of the information you need to keep private and also who is there to help you if you need it.
Year 3	Autumn 1	Keeping safe online when using email and chat rooms. Understanding what personal information is.	Discuss keeping safe online and the different places/ways you may communicate with others. Do the same rules apply to each different method of communication? Use the Chatting and Staying in Control sections of the Think u Know site to find details of how to be polite and kind but still stay safe. Children to create a Factsheet to be used by other children around the school.

Year 3	Spring 1	Keeping safe online - Cyberbullying	Discuss with the children the safety issues we have discussed already about using the internet for communication. Now tie this to bullying. What is the name for bullying if it is done using the computer? Does the title cyberbullying include any other ways of bullying? (Anything with technology). Discuss and map their ideas of cyberbullying. Then look at Cyberbullying section of Think u Know website. Children to take notes and then prepare a script for a podcast on cyberbullying. Use Audacity to produce the podcast.
Year 3	Summer 1	Keeping safe online - How to report something that makes you upset.	Recap using the posters and podcasts the children have made what they can remember about keeping safe online. Discuss what they would do if they found something that made them unhappy. Do they know what to do about a nasty message or email? Use the How to Report section of Think u Know to discuss the points. Children to choose a document type to create a poster for other children who need advice.
Year 4	Autumn 1	Keeping safe when using Instant Messenger.	Ask the children for the different ways that you can communicate electronically (email, IM, chatrooms, mobiles, texting). Map what they know about being polite, staying safe and the dangers they have to be aware of. Discuss Instant Messaging. Look together at the IM information on Think u Know. Children to create an Information Sheet for them to use at home when on the computer to remind them of how to behave when IM.
Year 4	Autumn 2	To keep safe when using Social Networking.	Discuss what Social networking means to the children - can they name any sites? Do they have any accounts? Do they know they should be 13 to be on Facebook? Look at Social Networking section of Think u Know and discuss the points. Children to take notes and post-it note their key piece of information. Now visit the Cyber cafe and follow your own advice when in the social networking section.
Year 4	Spring 2	To keep safe when using mobile phones.	Discuss with the children what they know about mobile phones and staying safe. Look at the Mobile Phone section on Think u Know and discuss the issues. Children to consider which of these points they currently follow and what is new advice. Children to design an information leaflet about how to behave on a mobile phone and what to do if they receive offensive or nasty messages.
Year 4	Summer 1	How to keep safe when using chat rooms.	Remind the children about the work they did in Year 3 on chatting online. What advice did we have about using a chatroom? What is a chatroom? Who uses chatrooms? Children to create a storyboard of a chatroom conversation that is nasty and how they could sort it out.

Year 4	Summer 2	Collating all eSafety information.	Recap with the children the various activities they have done this year and the different aspects of eSafety covered. Children to visit the Cybercafe on Think u Know and use the information to create a Powerpoint document to cover all aspects and give advice to anyone who needs it. They need to ensure they cover being SMART and safe online.
Year 5	Autumn 1	How to do safe searching online.	Look at the Safe Searching section of the site kidsmart website. This looks at steps to take for filtering information on the internet. This is particularly good for images and downloads the children don't want to see. Discuss why they would use this. Show children how to use the filter button when using google. Children to create an poster/leaflet about safe searching on the internet.
Year 5	Spring 1	Understand the importance of being safe and how to stay safe when chatting online.	Discuss with the children the different ways that they can chat to their friends. On kidsmart find the chatting section and discuss each of the methods of chatting. Discuss with the children the information and the top tips that are there. Can they see any problems with it? What do they think could cause problems? In pairs, children to discuss the issues and produce a problem page in response to scenarios given what would the children respond?
Year 5	Summer 1	To understand the SMART rules to using the internet or mobiles.	Discuss what being safe on the internet means - what do they know about this? Where and how do they need to be safe? Look at the SMART rules and the schools acceptable use policy with them. Children to use Comic Life to create a comic strip about Being Safe online using the SMART rules.
Year 6	Autumn 1	To understand what a digital footprint is.	Discuss the information and issues surrounding Digital Footprints. What do the children understand of this term? Go to the Digital Footprint page on Kidsmart. Give children time to explore the website - watching films and reading information on a Digital Footprint. Come together again and discuss the full meaning. Children to create their own digital footprint on the footprint template so they understand that anything uploaded is permanent.
Year 6	Spring 1	To understand the dangers of using a mobile phone.	Discuss the issues surrounding mobile phones including premium rate calls and being safe using kidsmart mobiles page. Children to sit in groups and discuss the use of mobile phones - what was life like before mobiles? Would life be better with or without mobile phones? Children to create a poster displaying the advantages and disadvantages of mobile phones highlighting the dangers as well as the positives.

Year 6	Summer 1	To understand about safety when using social networking.	Using the social networking page on kidsmart discuss the many issues on the page about social networking. Has anyone ever heard of a nasty incident on a site? Does anyone know what things could upset other people? Do you think about who is seeing it before you do it? Children to go to the site and look again at the social networking section. In pairs children to research different aspects of social networking to find out more and create a document to give advice about their topic. Share all the topics with the rest of the class.
