

Spanish report for Governors

March 2018

Curriculum Coverage:

Spanish is taught to KS2 by Sn Pena, as part of PPA cover. Each class has one lesson per week. The topics covered are introduced in Year 3, built upon in Year 4, reinforced and applied in Year 5 and 6, with more depth. The planning is designed to balance elements of speaking, listening, reading and writing in each topic. The older pupils also learn more about the grammar of the language, articles

and verb tenses. Topics covered so far are: Greetings, Routines, Numbers, Colours. Topics covered later in the year include: Likes and Dislikes, Sports and leisure and weather/seasons. Lessons are structured to approach learning in a variety of ways: use of songs and games, matching, reading and writing activities.

Events:

Year 6 have made contact with a Spanish school and have written letters, in English, to pen pals there. The pen pals will then reply in English. After that our Year 6 will write in Spanish and then receive replies in Spanish.

Monitoring:

A.Porter and A.Pena met in January to discuss progress made with the long term plan for Spanish this year. Each year group are working through their planned curriculum, with a few changes to take into account the knowledge retained by the pupils from the previous year.

Examples of written work show evidence of pupils writing in sentences, experiencing

masculine/feminine articles and use of vocabulary.

Pupils from Y3 and Y5 were interviewed and asked about their favourite aspects of learning Spanish and the topics they have done. All monitoring information is located in the Subject Leader's File. Pupils from Y4 and 6 will be interviewed in Summer Term.

Data:

End of July 2017

	Below Expected	At Expected	Above Expected
Year 3	20%	80%	14%
Year 4	10%	90%	13%
Year 5	22%	78%	17%
Year 6	23%	77%	11%
