

Year 4 Report for Governors Summer Term 2018

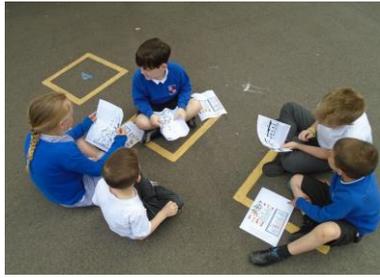

Again this has been a really busy and extremely enjoyable term for all of us. We have learnt lots of new skills including putting music and sound effects into a silent film for our 'Sound' topic in Science and using the 'Sketch Up' programme to design our very own car in ICT lessons.

A number of our Year 4 children have been lucky enough to be involved in our Forest School programme. We have been to Birkenhead Park with Mrs Porter and Mrs Pennington and have made journey sticks and bird feeders out of wood. We have also climbed trees and built shelters. We really enjoyed building campfires and finishing with hot chocolates and toasted marshmallows! We truly love our time in the park and would like to thank the rangers for having us. We hope to have Forest School sessions during Barnstondale where we will make clay tree faces and willow wings.

We had an exciting art day where we created our own Gaudi inspired 3D sculptures. We worked in pairs to create a wire frame and then built up the shape with masking tape. We then decorated them with colourful tissue paper. You can see them crawling and climbing all over the year 4 classrooms! We also enjoyed learning an Indian dance during Multicultural Week and sharing a story from Africa with our Year 1 Speaking Buddies.

Mersey Park had the privilege of celebrating the Royal Wedding with a street party. We ate delicious food and then watched the red, white and blue balloon race launch. The sun shone and it was a lovely, happy occasion.

Take a look at our beautiful topic books. We made Stone Age cave painting covers. We mixed our own natural dyes and painted with sticks on textured paper to create our striking artwork. We have just started to learn to play brass instruments. It's a lot of fun but rather noisy for our neighbouring classrooms!

4G are also lucky to be taking part in weekly Peer Massage sessions. These take place on a Friday afternoon and are a really relaxing end to the week.

What a wonderful year it has been in Year 4!
