

# Glossary

---

- 3G**  
Third Generation networks are an international standard for wide-area cellular networks, which enable multimedia services, such as email and video, to be delivered faster
- Access control/filter**  
A bar that is put in place by e.g. an internet or mobile provider to prevent access to certain content
- Application (app)**  
A software program that can be downloaded onto a computer or mobile device (e.g. from an app store)
- Avatar**  
A character/animation you can use to represent yourself online (e.g. in chat rooms) and in computer games
- Blog**  
An online journal
- Bluetooth**  
A way of exchanging data over short distances between mobile devices
- Browser**  
Allows access to the Web (e.g. Firefox, Google Chrome, Internet Explorer and Safari)
- Burn**  
The process of copying files (e.g. music) from your computer onto a CD
- Copyright**  
This gives a content producer (e.g. an author or musician) exclusive rights to their work
- Cyberbullying**  
The use of technology, particularly the internet and mobiles, deliberately to upset someone else
- Download**  
The process of copying data (e.g. from the internet or an email attachment)
- E-commerce**  
Buying and selling products and services over the internet
- Encryption**  
The process of making electronic data unreadable to anyone without the "key"
- File sharing**  
The distribution of electronic files, such as documents or music
- Firewall**  
Part of a computer or internet service, designed to block unauthorised access
- Flag**  
Where you report something (e.g. an inappropriate video) to the company hosting it
- Flaming**  
Posting negative or rude comments in an online forum
- GPS**  
Global Positioning System - a global navigation satellite system used for things like in-car navigation
- Grooming**  
The process of befriending a child with the intent of sexually abusing them
- Hacker**  
Someone who breaks into other people's computers
- Happy slapping**  
Where someone films a bullying incident or an assault on a camera phone
- Hate site**  
A website that promotes hatred against e.g. a specific race or sexual orientation
- Host**  
A company, such as an ISP, that runs internet servers
- Hyperlink**  
A reference in a document or on the internet that links through to a different piece of information or website
- Identity theft**  
Where someone pretends to be someone else for financial or other personal gain
- IMEI**  
International Mobile Equipment Identity - a unique number on your mobile, usually printed inside the battery compartment
- IP address**  
Internet Protocol address - a unique number that identifies where you're accessing the internet from
- Instant Messaging**  
The process of sending short real-time messages over the internet
- ISP**  
Internet Service Provider - a company that offers users access to the internet
- Login**  
The credentials you use to access a computer or website (e.g. name and password)
- Malware**  
Malicious software, such as viruses and worms, that infiltrates computers
- Memory stick**  
A portable memory device for storing data and transferring it between devices
- Message board**  
An online discussion website
- MMS**  
Multimedia Messaging Service - the process for sending images, audio and video between mobiles
- Moderator**  
Someone who monitors chat rooms and other online forums and takes action against disruptive or offensive behaviour
- MP3**  
MPEG-1 or MPEG-2 Audio Layer 3 - a common format for digital music files
- Parental Controls**  
Tools that help parents to protect their children online and on other devices - e.g. by controlling which websites they can visit or from whom they can receive email

---

**Password**

A secret combination of letters, symbols and numbers used to prove your identity when you log on to e.g. your computer or a particular website

**P2P**

Peer-to-peer - a network on which users can share files

**Phishing**

Unsolicited emails or texts sent in an attempt to get personal information (e.g. passwords and credit card details) from you

**PIN**

Personal Identification Number - a way of locking your mobile and other devices

**Pop-up**
