

National Curriculum

As historians we will study a non-European society that provides contrast with British history.

We will explore their culture, religion, traditions and core beliefs.

As scientists we will study All Living Things, including classifying plants and animals based on characteristics.

As athletes we will participate in swimming and begin the Daily Mile Challenge.

Speaking and Listening

We will audition for, rehearse and then perform our end of year production.

We will also prepare for our Leavers Assembly.

Our P4C sessions will involve discussions linked to the Mayan civilisation.

Writing Opportunities

We will rewrite the Mayan Creation story, describing the key characters and events.

In addition, we will imagine we are Mayan warriors at training camp and write letters home.

Maths Opportunities

We will investigate the Mayan number system and develop our own new number system.

We will continue to use Mathematics to develop our speed recall of key facts.

Social, Moral, Spiritual, Cultural

We will explore the feelings we have when we hear stories from different people who lived in different times.

We will explore the diverse cultures between Mayan life and British life.
