Governor observations and comments The pupils were so enthusiastic about being involved in the story and were beautifully behaved. The class teacher (Mrs Gopsill) was really welcoming and educated the pupils about what the role of a parent governor is. The classroom environment was well organised and visually stimulating; the children obviously love being in 1G!	
Any key issues arising for the governing body No issues.	
Action following governing body meeting Hopefully more governors will be a mystery reader too!	
Any additional comments Thank you to Mrs Gopsill for allowing me to be a mystery reader.
