

**Mersey Park Primary School
SCHOOL VISIT RECORD**

Name: Val Maher	Date and Time: 22nd November 2018
Purpose of planned visit To meet with the School Council in order to learn about their role in school and share topic books.	
Links with the School Development Plan (SDP) Objectives 7 and 9	
Governor observations and comments After introducing myself and explaining the role of governors the children then explained their role and how they had been elected. They also described the charity work they had been involved in recently and how they monitored what was going on in the playground and reported any health and safety issues. Each year group then talked the group through their most recent topic and we asked questions. It was nice for the older children to remember some of the topics they had completed when younger. Finally the children paired up with another year group and shared their books, of which they were very proud. There was a lovely 'buzz' in the room! I was impressed by the presentation, handwriting and wide range of activities they contained.	
Any key issues arising for the governing body The governors usually attend a staff meeting to look at topic books at the end of the year which will help provide evidence of Objective 7 regarding the changes to the planning of the foundation subjects.	
Action following governing body meeting	
Any additional comments A very informative meeting. The children were articulate and confident and obviously enjoy their role as school councillors. Thank you.
