

At our recent Parent Partnership meeting Mrs Porter joined us to discuss all the work she does in school as part of the Eco Council. She told us about the eco bricks they are making and their plans to make a planter and bench with them once they have enough bricks. These bricks are made out of non-recyclable plastic so if you have any donations please sent them in. She also talked about the hedgehog sanctuary and all the donations we take there to support them. She showed us the work she does with Forest Schools and the huge benefits the children get from taking part in this. For more information please visit the school website;

We discussed the upcoming visit to Chester Zoo for Year 1 - 6. The children are very excited to visit the zoo and have been learning lots in school about the importance of sustainable Palm Oil thanks to the Chester Zoo outreach workers who have been visiting the school over the last month and will continue to visit in the lead up to our trip. If you would like to know more about what the children have been learning there is more information available on the link below;  
<https://www.chesterzoo.org/support-us/palm-oil>

The members of our Pupil Ofsted team came along to our meeting and discussed what they had found out when they completed their inspection in July last year. They recently wrote a letter to all parents explaining their main findings and point for consideration. If would like to hear more about what they found please speak to one of the parent partners.

A little reminder about two questionnaires the school would like you to complete. The first one is the Ofsted Parent View questionnaire. If you haven't already completed this at the Home-School discussions then could you please log on and complete this. Your support is greatly appreciated. Here is a link below to the Ofsted website;

<https://parentview.ofsted.gov.uk/>

Also on the February newsletter there was request to complete a parent e-safety questionnaire. If you haven't already completed it here is a QR code which will take you straight to the website.

We also discuss the new online newsletter. As you will be aware the monthly newsletter is now not being sent home as a paper copy but can be found on the school website under the parents section. We discussed how this is not very easy to find so a link to the newsletter will be placed on the home page each month and a number of paper copies will also be available in the school office each month.
