Measure

Find 6 of your favourite toy figures, e.g. a plastic doll, a superhero to make sure they are all different sizes.

Stand them up and put them in order from the shortest to the tallest

- Is the biggest one in the line up the biggest toy you own?
- How big is the biggest toy you own?
- What could you use to measure it?

The World around us

Make a weather chart to show what the spring weather is like. You could cut out the symbols from the second sheet to stick on your chart, or you could draw a picture of weather each day.
