

## Week beginning 8<sup>th</sup> June 2020

Hello again Year 2! A new week, a new set of challenges. As always we have been checking your books on Bug Club and adding new 2Do's to Purple Mash - we love marking them so keep doing them and try some of the Twitter challenges too. If you want something different have a look at these and see how many you can complete with your family:

### Potions Lab

You will need a selection of containers (bottles, jugs, yoghurt pots etc).

Show children a 1 litre bottle or jug. Give them the containers and ask them to sort them into: more than 1 litre, 1 litre exactly, less than 1 litre. Can they record the exact measurements and put them in order?

Now colour the water in each container and ask them to make a potion that is 100ml exactly. Is there more than one way?

### Garden Art

Investigating symmetry - what things in your garden can you find that have symmetrical features (leaves, flowers, butterflies)?

Try cutting some of the leaves/flowers that you have found in half and drawing the other half using reflective symmetry.

Try folding a piece of paper in half and unfolding it. Then paint half a butterfly one side of the fold. Now fold and unfold the paper again and see what's happened!

Can you help us prevent the spread of germs?

What do you need to do to make sure you are keeping yourself and everyone else safe?

Design a poster that will help remind everyone what they can do to stop the germs spreading.

A shadow activity for you!

You will need:

- a big piece of cardboard
- different coloured plastic/painted clingfilm
- String or ribbon
- Sellotape/glue

Cut out a wing shape from your cardboard. Now ask an adult to cut some panels from your wings.

Fill the panels with a layer of the coloured plastic and stick down.

Attach to your body and explore your new shadows.

Share photos of the activity with us by emailing:  
[schooloffice@merseypark.wirral.sch.uk](mailto:schooloffice@merseypark.wirral.sch.uk).

### Scavenger Hunt

A Phonics based scavenger hunt today.

Find:

- 3 words that include ch
- 3 words with a igh ending
- 3 words that include th
- 3 words with a magic e ending
- 3 words that include qu
- 3 words with a ng ending
- 3 words that include oi

*What are fish so smart?*

*Because they live in a school!*

Can you make up or tell a joke that makes someone in your family laugh? If they laugh, send it to me by email or on Purple Mash and we will compile a Year 2 joke book to enjoy when we are next together.

A PE challenge!

Can you set yourselves up a Sports Day at home?

Try some of these activities with your family and see who can be the winner of your own family Sports Day.

- Run from your back door to the end of your garden and back.
- Balance a purse on our head for the longest.
- Hop on the spot for 1 minute.
- How many star jumps can you complete in 1 minute?
- Throw a ball into a hoop or container.

Good luck!
