

Fl Home Learning Activity 29.6.20

Hello Fl here is an activity for you all about frogs!

Please read the story of 'The Wide-Mouthed Frog' by Keith Faulkner. You can find it on Youtube.

Can you remember what frogs like to eat? Can you remember where frogs like to live? Talk to your grown-ups about the animals in the story and what they like to eat.

Have a look at the photographs here. What changes can you see as frogspawn changes into tadpoles and then into frogs?

Have fun and enjoy singing the song 5 Little Speckled Frogs.
