

## F2 Weekly Work 1<sup>st</sup> June 2020- Pirates Ahoy!

Ahoy F2! This week we will be finding out about pirates! We will be finding out lots of new things and having fun jobs to do.

### Pirate Sing Along

This week we have a pirate song to learn. You can sing along on YouTube at 'The Big Ship Sails Through the Alley Alley O Kids Music Shop1'. Can you sing it with your family?

### Pirate Ship Detectives

Pirates travel across the ocean on their pirate ships. Here are some to look at:

Can you use the internet to find these different parts of a pirate ship?

-Deck, Ship's Wheel, Mast, Sail, Galley, Rigging, Crow's Nest, Jolly Roger, Cannon, Port Hole.

Happy hunting Pirate Ship Detectives!

### Make a Pirate Ship

Now that you have found out about the different parts of a pirate ship, we would like to make your own pirate ship. You can use boxes, tape, paint to make your ship. Can you try to make your ship with all of the different parts that you found out about on the internet?

### Draw your Pirate Ship

Can you draw your pirate ship too? If you haven't been able to make one, you can use images from the internet/books to look at. Can you make sure that your ship has a mast, sails, rigging and a Jolly Roger? Now can you label your ship?

### Make a List

Right Pirates, now we need to think about what we will need to take with us when we go on our pirate adventures! Can you talk about what you might eat and what you might take with you to wear? Who would you take with you? Can you make a list to help you to remember what you will need?

### Healthy Pirate Breakfast

Here's a quick and easy recipe to make at home to help you be a healthy pirate and to help you set sail on your pirate adventures!

#### Ingredients

- 40g porridge oats
- 200g fat-free natural yogurt
- Mixed blueberries, strawberries and raspberries
- Honey to taste(optional)

#### Method

1. Layer the porridge, yogurt and fruit in a jar or bowl. Cover and chill in the fridge overnight so the porridge absorbs the yogurt.
2. In the morning, stir to mix everything together and top with more fruit.
3. Drizzle honey on top(optional)

### Counting in 2s

Ahoy F2 Pirates! We're going to need to take some food to eat on our ship. Here are some apples for us to put below deck! Can you help count how many apples there are? Instead of counting in 1s, could you count in 2s?

Here's a little rhyme to help you learn how to do this:

2,4,6,8

Pirates at the garden gate

Eating apples from a plate

2,4,6,8

Can you count other groups of objects in 2s? Show us on Tapestry-We'd love to see!

Can you write the numbers?

Please remember, there are Bug Club reading activities, activities on Purple Mash, phonics games at [PhonicsPlay.co.uk](http://PhonicsPlay.co.uk) to supplement these activities. Have fun learning this week children!
