

F2 Weekly Work 29th June 2020- 'Superworm'

Hello F2! We hope that you are all enjoying completing your activities at home. Here are this week's activities. Thank you for posting your photographs/videos on Tapestry- it has been lovely seeing them.

'Superworm' by Julia Donaldson

This is the story of 'Superworm' and his adventures. Click on this link to listen to it.

<https://www.youtube.com/watch?v=0keNDquvZEE>

What is your favourite part of the story? Can you tell your grown up the different things that Superworm can change himself into?

Can you draw some pictures and write some sentences to tell everyone what Superworm can change himself into? You can begin your sentences with;

He is a...

Remember to begin your sentences with a capital letter and finish with a full stop.

Make a Wormery

Equipment

- 2 litre clear, plastic bottle
- Scissors
- Compost or soil or a mixture of both
- Sand
- A few worms
- Water sprayer to dampen layers
- Worm food – grated carrot, vegetable peelings, dead leaves, shredded newspaper

Step by step

1. Collect some worms from the garden. Look in the compost heap, under stones in damp places or dig a hole.
2. Adult to cut the top ¼ off the bottle, to make a lid. Make a slit in the side of the lid so that the top can close over the bottom part.
3. Fill the bottle with alternating layers of sand, soil, sand, compost, sand etc. Spray each layer with water so that it is damp.
4. Add a few worms to the top of the bottle and watch them burrow down. Then add the 'food' to the top. Wash hands well after handling worms and compost.

5. Wrap the black cardboard around the bottle to make it dark. Worms do not like light and it will encourage them to burrow around the outside of the bottle so they can be observed.
6. Place the wormery in a warm place. Remove the cardboard when you want to see what is happening in the wormery. Check that the contents are damp and that there is food available for the worms.
7. After a few days, release the worms back into the garden.

What Can You See?

Can you write about what you can see happening in your wormery? You can begin your sentences like this:

I can see...

Can you remember how to begin your sentences and how to finish them?

Making Playdough

Ingredients :

- 1 cup flour
- 1/4 cup of salt
- 1 teaspoon vegetable oil
- food colouring (optional)

How to make:

Step 1: Place the flour and salt in a bowl.

Step 2: In another bowl mix water and food colouring.

Step 3: Mix the 2 bowls together and stir well, keep adding flour if it gets too sticky.

Step 4: Add vegetable oil at the end and store it in a container.

Measuring Playdough Worms

Now that you have made your dough, you're ready to make some friends for Superworm!

Can you make 3 straight worms of different lengths? Now can you put them in size order from longest to shortest? Can you tell your grown up about the worms length , using the words , 'long', 'longer', 'longest', 'short', 'shorter', 'shortest'? Can you try this with more than 3 worms? Can you post a photograph/video on Tapestry to show us how you have been measuring your playdough worms? We'd love to see it!

Cheesy Breadsticks

Here's tasty snack to make at home. It's one that the teachers in F2 love to make!

Ingredients

- 115 g self-raising flour
- pinch of salt
- 1 tsp mustard (optional)
- 60 g butter
- 85 g cheddar cheese
- 1 egg

Instructions

-Pre-heat oven to 180°C (160°C for fan assisted ovens or Gas Mark 4) and grease a baking sheet with butter. Set aside.

-In a large bowl, sift the flour and salt. Add the butter and rub together with your fingers until the ingredients come together.

-Add the mustard, cheese and egg (keeping back a little egg for later) and continue to mix together with your hands until you have a sticky dough.

-Turn onto a floured work surface and roll into a large sausage, about 2cm in diameter. Cut into your desired bread stick size and place onto your greased baking sheet.

-Once all bread sticks are in place, brush each with the remaining egg before topping with a sprinkle of salt and pepper.

-Bake for 15-20 minutes until golden in colour.

-Transfer to a wire rack to cool completely before enjoying with your dip of choice.

Singalong

We have a new song to sing this week-it's about a friend of Superworm. It's called 'There's a Worm at the Bottom of the Garden'. We hope you have fun singing the song! Can you try to wriggle like a worm as you sing the song?
