

Year 4 Weekly Work

Hello Year 4. Thank you for all your hard work on Purple Mash, you're doing great! We want you to keep up the hard work on Purple Mash and continue using Bug Club to read at home.

We will also put together a few activities on the school website for you to also do at home. There will be a range of Maths, Literacy and Science activities, we will also include some fun and exciting things for you to try too.

All the year 4 staff are missing you lots and we can't wait to see you back in school again soon.

Maths- This week we would like you to have a go at the daily maths lessons on BBC Bitesize. Lesson 1 is all about writing decimals- something we have touched on in school. The lessons will be updated every day. Have a go and let us know how you got on by keeping in contact with us using Purple Mash blogging.

Literacy- Talk for Writing- The king of the Fishes. Below is a link to a workbook. It includes a range of activities including; extending sentences; definitions of words; comprehension questions; spellings and grammar. This week we would like you to complete the activities in the booklet (do not try and do it all in one day).

Any completed work can be shared on our Year 4 Purple Mash blog or emailed to the school office:

schooloffice@merseypark.wirral.sch.uk

Science- This week we want you to learn all about renewable and non-renewable energy. The following link contains two videos for you to watch and 3 activities to help you understand the difference between the two.

Art- Fashion meets recycling, in this activity full of creativity. Turn this activity into a competition and work in teams to make the best outfits.

Have a go at the TRASHION SHOW within this booklet. We would love to see photographs of this!
