

F2 Weekly Work 6th July 2020- 'The Bad Tempered Ladybird'

Hello F2! We hope that you have been enjoying finding out about minibeasts. We have some new activities to complete at home this week.

This is the story of 'The Bad Tempered Ladybird' by Eric Carle. Click on this link to listen to it <https://www.youtube.com/watch?v=bH6UIYCRmAE>

There are some animals that you might not have seen before in the story. Can you use the internet to help you find out about them?

What do you think of the way that The Bad Tempered Ladybird spoke to the creatures in the story? Was it a kind way to speak? Why do you think The Bad Tempered Ladybird was bad tempered? Have you ever been bad tempered? What happened to make you feel that way?

Rainbow Pizza

We thought that you might like to make this tasty snack after hunting for ladybirds!

Ingredients

- 2 plain pizza bases
- 6 tbsp passata
- 400g mixed red and yellow tomatoes, sliced
- 75g sprouting broccoli, stems finely sliced
- 8 green olives, pitted and halved (optional)
- 150g mozzarella
- 2 tbsp pesto (optional)
- handful fresh basil leaves, to serve

Method

1. Heat the oven to 180C/160C fan/gas 4. Put each pizza base on a baking sheet and spread each with half of the passata. Arrange the tomatoes on the top in rings or wedges of colour and add the broccoli and the olives, if using. Slice the mozzarella before dotting it over the pizzas, then drizzle 1 tbsp pesto over each.

2. Bake for 15-20 mins or until the top is bubbling and just starting to brown a little. Scatter over the basil leaves before serving.

Making Ladybird Pebbles

Can you hunt for some pebbles or stones outdoors? You can turn them into garden ornaments or give them as presents.

1. Paint the front of the pebble red, and leave to dry.
2. Once the pebble has completely dried, paint the back of the pebble and leave to dry again.
3. Decide which end of your pebble is going to be the face and paint this black as well as painting a black stripe down the middle and some black spots.
4. Place a glue dot on the back of two googly eyes and secure in place on your ladybird.

Can you make any other minibeast pebbles for your garden?
