

## Year 4 Weekly Work

Hello Year 4. Thank you for all your hard work last week, you're doing great! Remember to email any completed work to the school office for us to see. [schooloffice@merseypark.wirral.sch.uk](mailto:schooloffice@merseypark.wirral.sch.uk)

Don't forget to log on to Purple Mash for even more ideas and activities.

This week we have set a range of Maths, Literacy, Science, History and Spanish activities for you to complete at home.

Good luck! We can't wait to see what you produce in the last week of term!

Summer is nearly here ☺

**Maths-** This week we would like you to concentrate on position and movement. This is something we have done during our Maths Skills Checks. Below is a website with a range of activities based on this area. Why don't you have a go at 'Show the Coordinate'? Or maybe even 'Find Places on a Grid Map'? We would love to hear how you got on. You could even make your own map and locate your favourite places. Good Luck year 4!

**Literacy-** Story Starter- The Giant Cup. Below is a link to a workbook. It includes a range of activities including: a story starter; questions about the picture; synonym work and improving sentences. This week we would like you to complete the activities in the booklet (do not try and do it all in one day).

We would love to see what you produce.

**Science-** This week we want you to investigate the science behind sinking and floating. Below is a link to an experiment you can try at home. Click on the link and scroll down to the 'Sink or Swim' experiment to get started.

**History-** One of your first topics in Year 5 is all about Ancient Greeks. Click the link below, to find out about what life was like to live in an ancient Greek family. Can you use your findings to write a diary entry, as if you lived in those times? We can't wait to see what you produce.

<https://www.bbc.co.uk/bitesize/topics/z87tn39/articles/zc8yb9q>

**Spanish-** You will be learning the types of weather in your Spanish lessons when you return to school in September. Why don't you start learning them now? Senor Pena will be very impressed if you know them in Spanish already. Click on the link below to help you:
