

Mersey Park Half Term Overview

Autumn 2

Year 5

Writing

In our literacy lessons we will be exploring a variety of Greek Myths.

We will learn about the features of a myth and produce our own version of a Greek myth. In our myth we will describe characters and settings.

We will use effective language choices to create atmosphere in our writing.

We will also write a persuasive speech.

Reading and Spelling

In our reading we will be focussing on explaining the meaning of words in context and identifying how meaning is enhanced through choice of words and phrases.

We will be learning these spelling patterns each week and we will be looking out for them in our reading books; Suffixes: -ant, -ance, -ent,

-ence, -able, -ible, -ably, -ibly

We will also be looking for these common exception words;

accommodate, available, controversy, dictionary marvellous, opportunity, secretary, sincerely, suggest, twelfth

Maths

In our maths lessons we will be adding and subtracting numbers to 100000.

We will also be solving multiplication and division problems.

We will look at finding the perimeter and area of a shape.

We will interpret information from a variety of graphs and tables.

Topic

Our topic this half term will be Ancient Greeks.

As historians, we will find out about the Battle of Marathon. We will compare and contrast the ancient states of Athens and Sparta. We will also investigate the importance of theatre in the culture of Ancient Greece.

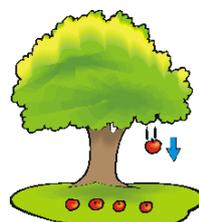

As artists we will make ancient Greek coins from clay. We will also make a 3D Freeze using different media and materials.

Science

In science we will be learning all about Forces. We will explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object. We will identify the effects of air resistance, water resistance and friction, that act between moving surfaces. We will recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.

We will also find out about the famous scientists Sir Isaac Newton and Galileo.

Mersey Park Life Skills

To help our Year Five children develop as well rounded people who are ready for the world around them, we will also be teaching our children life skills and this half term we will be focusing on names and how they form part of our identity.

We will also be celebrating differences as part of our Jigsaw work.

We will look at what makes each of us unique and be proud of who we are.
