

RE and PSHE Governor's Report

Despite having such a challenging and changing year, we have continued to deliver RE and PSHE across the school, even though a little fractured at the beginning. During the initial lockdown, it was even delivered online through a variety of ways.

As you may be aware, we adopted an RE scheme (taken from Alan Torr) last year and during the first lockdown, the teachers changed, tweaked, added and resourced it, in order to make it 'our own'. It is of course, still developing because of the current year that we have had. But it is on 'its way'!

Kelly Perkins has been delivering RE to Years 1 and 2, the Foundation and Year 3 and 4 class teachers have been delivering their own RE lessons and Laura Clynch has been teaching RE to Years 5 and 6.

Year 4 had a lovely couple of lessons when Ahmed from 4H told the Year group about being a Muslim and what that entailed.

The work has either been collated into a class RE Topic book, or put inside the children's 'Inside Out' books.

Sadly, any RE trips have had to be put on hold, but we look forward to having them again next year.

In terms of PSHE, 'Jigsaw' has continued and so has the P4C lessons too, although still affected by what this year has brought. Any work has again been recorded in their 'Inside Out' books.

We have also been continuing to use the 'Mindfulness' strategies from the 'Rest Easy' Resources that we have got.

Bec Tootell has been heavily involved in updating various policies including: The Drugs Policy and Relationships, Health and Sex Education Policy (in light of the new guidance given to us by the local authority). She has also had a meeting with parents regarding policies.
