

Level 2 Certificate in Preparing to Work in Adult Social Care

Are you thinking about working in the adult social care sector?

Places still left on this FREE course.

You will explore equality, legislation, safeguarding and the importance of communication as well as the duty of care and person-centred approaches. You will learn how to handle and record information as you develop key areas of knowledge required in this sector.

This knowledge only qualification does not require a work placement, you will build up a portfolio of work and explore a wide range of progression routes.

Our course is delivered online by our supportive tutors. You will learn through a mix of taught sessions, tutorials and independent study.

You will need to take a Skills Check to make sure this is the best course for you.
