

Key Stage One

Autumn Term 2022

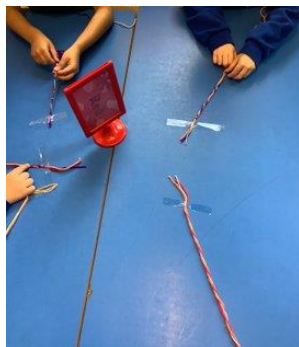

Year One

How are we different?

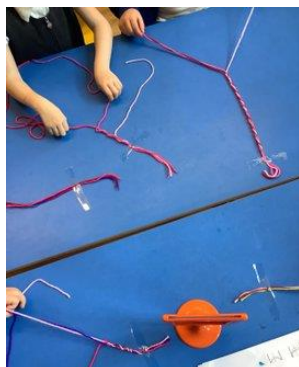

As part of our Being Me in My World Jigsaw work in Year 1 we have been discussing differences and how we are different to each other and our friends. We know that our differences make us unique and special!

We had an exciting delivery from the toy museum for Year 1 this term. We looked at differences between toys from the past and toys we would play with now. We thought about whether our parents or grandparents might have played with any of these toys. Did you?

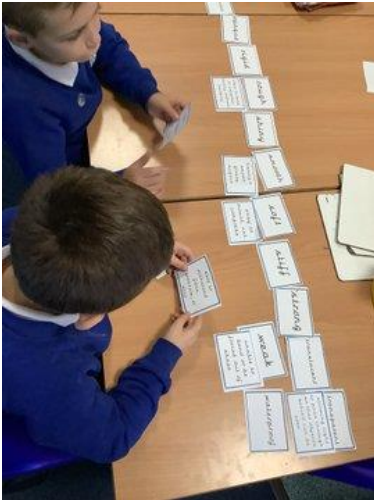

We took a trip to Royden Park this term to learn more about our seasons topic! This involved hunting for squirrel food and creating squirrel homes. We also looked carefully at the trees and then completed 3 leaf challenges, examining their shape, colour and size. Can you spot the leaf rainbow?

Inspired by Cecilia Vicuña, in Year 1 we have been exploring thread and different techniques of plaiting, knotting and threading. We have even combined different colours and thickness to explore what happens!

Year 2

In Year 2 we have been learning all about Materials in our Science lessons. We have completed some amazing vocabulary work and learned the meanings of lots of new words.

In P.E. in Year 2 we have been practising different types of movements and developing our coordination skills!

We started the year by learning all about Transport in our topic work. As part of this we completed a traffic survey on Church Road to see the most common vehicle to travel along the road near our school. We then created individual bar models to find the least and most popular forms of transport in our local area. Can you guess what they might have been?

We have been keeping active in Year 2 with our 100km walk or run challenge to raise money for our school trip to the Fire Station. We didn't give up, come rain or shine we kept going. We worked together as a year group to clock up the kilometres and we managed to complete our challenge, we had fun and we raised lots of money. This meant we could pay for the bus to take us to the Fire Station to start off our new topic of Fire Fire. We had a great time at the Fire Station and learned lots about how the firefighters help to keep us safe.
