

## Foundation Two Summer 2024

Foundation 2 enjoyed exploring the outdoor classroom to look for signs of Spring. They found lots of new buds, leaves and some pretty Spring flowers. They learnt the names of some of the flowers and when they came back to class they had a go at drawing them.

A mysterious basket arrived in F2! Inside it was the story of 'Little Red Riding Hood', along with some interesting clues about the story; a packet of biscuits, a bunch of flowers, a cake and some grey fur! We wondered who all of these things could belong to!

The children enjoyed pretending to be the wolf, the woodcutter and Little Red Riding Hood but their favourite character to be was Grandma!

The role play area was turned into Grandma's cottage with lots of old fashioned items which might have been found in a cottage a long time ago. The children enjoyed comparing the items to those in their own homes.

One morning when the children arrived in school they were shocked to find cake crumbs all over the floor! They wondered who could have made all of this mess. Could

it have been The Big Bad Wolf from the story?

They set to work making Wanted Posters to try and catch The Big Bad Wolf! What a naughty thing to do! Stealing Grandma's cake!

At Easter time the children visited our local church, St Catherine's. They are always in awe of this old building and compared its features to the newer hospital next door. Inside Charlotte told the children the Easter story from the bible and they also enjoyed completing some Easter crafts.

Back at school the children enjoyed finding out about Easter traditions such as, making Easter baskets and hats. Their favourite Easter activity was definitely making chocolate Easter nests and going on an Egg hunt!

The children enjoyed listening to lots of different stories about Giants and then one day a giant boot arrived in class! It caused a lot of excitement because it meant that there was a Giant about! The children thought that it might belong to the Giant from the story of Jack and the Beanstalk! They thought of ways they could help him get back to his castle in the clouds.

Some of the children thought a super tall ladder would be a good idea and others thought the best way for the Giant to get home would be to plant some beans and grow another beanstalk! They did both!

The children helped to turn their role play area into the Giant's castle where they enjoyed acting out the story with their friends

They have also had lots of fun working together to build castles using the new wooden blocks. They found out about some of the different features of castles
