

PE Report for Governors

July 2026

Curriculum Coverage:

Over the past year the teachers continued to follow the guidelines set by the National Curriculum and this is mapped out in broad and balanced blocks using the Wirral Scheme of Work for PE, to ensure that we offer a range of activities that allow each child to feel challenged and offer opportunities to progress further. Our personalised, whole school curriculum overview continues to map out the links to key areas of the National Curriculum and identifies professional sports people who embody sporting traits such as confidence, resilience, courage and ambition. Pupils are encouraged to discuss what makes these individuals so successful in their chosen field. Through this, we hope to inspire our pupils to aim high and follow their ambitions, developing perseverance, grit and determination whilst developing their own personal goals, ambitions and leadership skills. This year we have also subscribed to EdSential's 'Total PE' scheme of work. Teachers have identified which of these units will be useful to aid planning and teaching of PE across the school and are now implementing this in PE lessons.

A number of our PE lessons have been taught by Activity for All coaches this year. They also follow our school planning and themes. They have taught PE lessons to Year 1, 3 and 6 this academic year covering PPA for the teachers in those year groups. Teachers have taught their own class PE in Years 2,4 and 5. All children in Years 4, 5 and 6 have been swimming this year at the Oval for 5 x 1 hour sessions. 67% of our Year 6 children reached the N.C level this year.

Sports Day:

All children enjoyed and took part in Sports Day. The parents were able to come and watch; we have received positive feedback from parents about the events. The children took part in a series of competitive races and gained stickers for 1st, 2nd, 3rd and also a sticker for taking part. They enjoyed taking part and cheering each other on during the events.

Curriculum Programmes

We have had several coaches in school to deliver programmes for our children in the following year groups:

Y5 Spring 1 - Cheshire Cricket board delivered 6 x 1 hour sessions to both Y5 classes followed by an after school club each week.

Y4 Spring 2 - Cheshire Cricket board delivered 6 x 1 hour sessions to both Y4 classes followed by an after school club each week.

Y4 Spring 1 – Julie delivered ‘The Rainbow Programme’ to all of our Y4 children for 1 hour sessions each week for 6 weeks focusing on Yoga and mindfulness.

Y5 Spring 2 – Jake delivered the ‘School Engagement PE Programme’ to 10 of our worst attenders in Y5.

All impact reports show that the programmes were a success and the children’s feedback was very positive.

merseyprimary A 5-4 victory in today's friendly against Prenton Primary School 🏆 fantastic football and resilience, we are so proud of you! Well done everyone 🙌👏💙

Residentials:

In Year 4 and Year 6 pupils have had the opportunity to take part in outdoor pursuit activities during residential stays at Barnstondale and PGL. During this time, children took part in team building activities, bush craft, orienteering, archery, rock climbing, high and low ropes and canoeing.

CPD:

I have taken part in two Wirral PE Lead training afternoons this year. I have fed back any important information at Staff meetings and have implemented the new Total PE scheme into our current PE curriculum giving training to teachers showing how to access the materials and use the scheme effectively.

Assessment and Data:

Teachers continue to use the assessment grids to assess the children every time they complete a unit of work in PE. These grids include skills as well as a focus on vocabulary and an understanding of the inspirational sports person studied. Teachers then use these assessments to inform their overall assessment grade for PE at the end of the school year, which teachers input onto Juniper Education Sonar Tracker.
